🏠 Vadakara, Kozhikode Kerala

Enthusiastic Full stack developer with a solid foundation in MongoDB, Express.js, React Node.js,php,laravel,django and python. Recent graduate committed to crafting efficient and intuitive web applications. Eager to contribute fresh ideas and a strong work ethic to a dynamic development team. Quick learner with a passion for staying up-to-date on emerging technologies. Ready to leverage academic knowledge and practical skills to make a positive impact in the field of web development

## Experience

### INTERNSHIP - MERN STACK

MaiTexa Technologies Private Limited,Kozhikode

08/2023 - 01/2024

- During my internship, I made active contributions to the development and enhancement of web applications using the MERN stack.
- I gained hands-on experience in building responsive user interfaces with React, creating RESTful APIs with Express.js and Node.js, and managing data with MongoDB.
- This internship provided me with valuable insights into full-stack development, agile methodologies, and collaborative teamwork, thereby strengthening my skills in modern web application development

## Education
